IBO Mission Statement

The International Baccalaureate Organisation aims to develop enquiring, knowledgeable and caring young people who help to create a better and more peaceful world through international understanding and respect.

To this end, the IBO works with schools, Government and international organisations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right.

Transition into Year 12

All SEN details are obtained during the interview phase on entry into Year 12. Partnering schools are contacted to pass on previous details on the SEN provision and needs of their students which are now attending our school.

School Action

If a pupil in Year 12 and 13 are identified to have SEN, the SENCo will devise a plan. This sets out any priorities that are additional to or different from the usual curriculum. The SENCo shares these with parents/carers on designated Parents' Evenings.
